

The Excelsior Springs Area Cultural Guild

Inspiring the Arts

Summer 2020

2020 Scholarship Recipients

Cameron Huett

This scholarship recipient, Cameron Huett plans to attend William Jewell College in Liberty, Missouri this fall. He is going to major in Vocal Music Education so that he might teach Choir at the high school level. He is very excited to begin this new adventure and his excitement is contagious.

He has a wonderful voice and has performed in the Excelsior Springs High School Choir as part of the Double Quartet earning high marks at State Contest. He has also been involved in the Jazz band at ESHS.

Cameron has been a part of the Guild's events since he was in elementary school, participating in the Youth Vaudeville show and has performed in Gatsby Days Jazz Night at the Elms for several years

Cassidy Bradshaw

The Excelsior Springs Area Cultural Guild's second scholarship recipient is Cassidy Bradshaw. Her application expressed her desire to major in Art Education at Park University. She was involved with Cheer, Student Council, National Honor Society and Yearbook. She also worked during all four years of high school.

She explained in her application that she loved animals and started out thinking she would be a veterinarian and then changed her mind, but in the end and looking at all her art work decided that she had loved art for most of her life and that is where her passion lay so in the end it seems it was a "no brainer".

Cassidy has participated in the Cultural Guild's Youth Art Show for many years.

A Special Note on Scholarships

The Excelsior Springs Area Cultural Guild awards scholarships to deserving students each year from Lawson, Orrick and Excelsior Springs, Richmond and Kearney who are furthering their education in the arts. This might include, singing, band, dance, acting, painting, sculpting, fabric art, teacher of the arts, computer video work, and graphic arts.

With the onset of the COVID 19 pandemic and due to the lockdown of area schools early this spring we received a very limited number of applications for scholarships this year. There are still a couple of scholarships available. If you are a student that feels you might qualify or know someone that is, please feel free to call 816-679-4443 and let us know. These scholarships are also available to Home School students in the area.

A most sincere **Thank You**
to the those listed below
who have made financial
and service commitments to
the Guild in their support of
the arts
